

Dear Dog Owners,

We are big dog fans and are happy to welcome dogs to the Golden Gate Hotel. Experience has shown that for us to continue to be able to do so, everyone must agree on certain policies.

- Please register your dog upon making your reservation. At this time, you can tell us if you need bowls and a doggie bed or will be bringing your own.
- There is a one time \$25 charge.
- Do not leave dogs alone in the room. In the past, all damage has resulted from pets being left alone. Please don't leave them alone!
- Dogs must be leashed when out of the guest rooms. We had to chase one escapee all the way down to Union Square!

San Francisco has a pooper scooper law. We have plenty of these (if your pockets aren't already overstuffed with them!) and can tell you where we go for walkies and which corners have garbage cans on them.

We are assuming that your dog is housebroken, clean and on flea medication. Cleaning or damage fees may apply. A valid credit card number and a contact phone number must be on file if additional cleaning or damages are assessed.

We will have a printout of this for your signature upon arrival.

Upon signing it, you, the owner and undersigned, agree to adhere to these policies, to be responsible for any damage done by the pet and to absolve the Hotel of any liability if the dog is injured.
